Reminders

For the safety of your child, please make sure that they are leaving the campus after school. There is no supervision on campus after 3:07 PM. Together we will strive to keep our students safe!

Communication is the key to success. If your address, work place, or phone numbers change, please communicate that with the office or email your information to the secretary, Mrs. Allen, @ delena.allen@acboe.net.

If your child is absent from school, please send a doctor's or parent's excuse upon return to school.

If your child is going to absent for an extended period of time, please contact the front office. We will make arrangements to collect assignments to prevent your child from getting behind in his or her classes.

Parent Resource Room

Are you looking for some resources to help your child at home? Our Parent Resource Room provides a resource library, educational and parenting workshops, computer access, and information to help parents/families. Our goal is to assist parents in helping their children become better learners so they experience academic success!

The Parent Resource Room is located inside the school in room #428 to the right of the nurse's station. It is available Monday-Thursday during school hours. Contact our assistant principal, Nakisha Ross at 365-8329 ext.24009 or nakisha.ross@acboe.net. You should let her know that you would like to check out resources or obtain brochures/pamphlets from the parent resource room. She will pull materials for you to pick up that will support learning at home.

But I Don't like to Read!

Reading can be such a joy and it is so important to success that it can be very frustrating to hear a child say "I don't like to read!" But it can happen. Be a good listener and try to decide what the reason is.

- Is reading difficult? Check with your child's teacher to see if she or he is having trouble reading at school.
- Is it just more fun to be on the computer or watch television? Establish a reading time that is consistent and balanced with screen time.
- Is there reading material available about things he or she is interested in? Magazines, comics and other material can help get kids started reading again.
- Are you modeling the fact that reading is important and valued in your home? Sometimes it is really hard to find the time to read, but it does send a clear message to your child.

Happy New Year

From the Autaugaville School Teachers and Staff

We would like to take this opportunity to extend best wishes to all for a happy and healthy new year. It's a pleasure to see all of the students, teachers and staff back at school after a long, well deserved break. January is always about fresh beginnings and positive change. We look forward to the promise of the new year and all the possibilities that it offers for our students here at Autaugaville School and the potential for great achievement that each year holds for their future.
